

PRINTABLE PLANNER

Shift Worker Self-Care Planner

A realistic self-care routine for people who look after everyone else

How to use this planner

Self-care does not have to be expensive or time-consuming. Pick small things from your menu, schedule them like appointments, and notice how your energy changes.

- Print on Letter or A4 paper — choose “fit to page” in the print settings.
- Print as many copies of any page as you need, for as long as you use it.
- Or open it in a tablet note-taking app and write straight onto the pages.
- Start small: fill in one page today rather than planning to do all of it.
