How to use this planner

These pages are undated, so you can start any week and never waste a page. Plan the month first, then each week: pick your priorities before the days fill up.

- Print on Letter or A4 paper — choose “fit to page” in the print settings.
- Print as many copies of any page as you need, for as long as you use it.
- Or open it in a tablet note-taking app and write straight onto the pages.
- Start small: fill in one page today rather than planning to do all of it.
