How to use this planner

Plan the week, log every session and check your progress monthly. Writing down what you lifted or how far you went is the simplest way to keep improving.

- Print on Letter or A4 paper — choose “fit to page” in the print settings.
- Print as many copies of any page as you need, for as long as you use it.
- Or open it in a tablet note-taking app and write straight onto the pages.
- Start small: fill in one page today rather than planning to do all of it.
