How to use this planner

Write down every payment and every cost as it happens, then fill in the monthly summary. Put money aside for tax from each payment so there are no surprises. This is an organiser, not tax advice.

- Print on Letter or A4 paper — choose “fit to page” in the print settings.
- Print as many copies of any page as you need, for as long as you use it.
- Or open it in a tablet note-taking app and write straight onto the pages.
- Start small: fill in one page today rather than planning to do all of it.
