How to use this planner

Start with the vision, pick no more than three goals, and break each into milestones and first steps. Then use the 90-day plan and review pages to keep them alive.

- Print on Letter or A4 paper — choose “fit to page” in the print settings.
- Print as many copies of any page as you need, for as long as you use it.
- Or open it in a tablet note-taking app and write straight onto the pages.
- Start small: fill in one page today rather than planning to do all of it.
